

**BHAGALPUR COLLEGE OF ENGINEERING SABOUR,
NH-80, BHAGALPUR-813210**

Ref. No. 1117.....

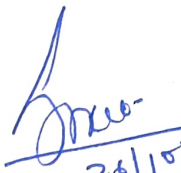

Date 26.10.2021

NOTICE

It is being widely observed that all the classes of different semesters are very thinly attended by the students. Even AICTE has introduced new curriculum and contemporary syllabus in tune with the engineering students.

The low attendance in the classes reflects insensitivity to teaching learning process and will ultimately impact the students' development, sensibility, career and over all growth. Further, the college administration will get embarrassed to send them up at the time of filling the university examination forms.

It is, therefore, directed to each and every student of the Institute to attend classes with religious regularity, commitment and discipline to avoid any future embarrassment. This should be followed with utmost priority.
